

- Welcome to the Sani Station -

Disposal of stationary and portable tanks

- 1.) **Insert coin**
- 2.) **Press the button with the  symbol**
(If you choose the wrong program, press the STOP button and make a new selection)
- 3.) **Press the OK button to confirm selection**
- The sliding shutter will open for approximately 4,5 minutes.
- 4.) **Place the waste hose into the basin or pour out the portable tank**
- The basin will be rinsed automatically
- 5.) **To clean the tank press the button inside the basin and use the water run-out**
- 6.) **End disposal at the sound of the warning signal**
- The sliding shutter will close
- Do not block the sliding shutter

Withdrawing fresh water

- 1.) **Insert coin**
- 2.) **Attatch supply hose to the water faucet beside the control panel and open the faucet**
- 3.) **Press the button with the  symbol**
(If you choose the wrong program, press the STOP button and make a new selection)
- 4.) **Press the OK button to confirm selection**
- Fresh water will run for 5 minutes
- The red STOP button will end the water supply
- 5.) **Close the faucet and remove the hose**

Warning

**Both programs cannot be used simultaneously.
Wait until the current program has ended before inserting coins for the next program.**

- We wish you a good trip -
